Our guest speakers for this month are Dennis Peters, a member of the Menomonie UU Fellowship and Rev. Suzanne Wasilczuk, who provides spiritual guidance to several northern UU groups.

Rev. Wasilczuk has provided this description of her service:

"When we look at the natural world, we Unitarian Universalists often look to science to explain what we are seeing. Religious naturalism gives us ways of considering not just the science, but also the mystery, order, and beauty in the world and deeper, wider ways to express the spiritual part of ourselves."
