This month sees the return of two familiar guests to our Fellowship. Rev. Bruce Johnson is the pastor of the Duluth UU Congregation. February Sky (aka Phil Cooper and Susan Urban) are a singer/songwriter team who provide programs combining music and teaching relevant to our faith tradition.

Copies of the common read book have been purchased; look in the library to see if any copies are still available.

Note that there will be no regular religious education this month. However, child care will be provided on the 19th for both hours so parents can see the film as well. Religious education will resume in April.
