

March Calendar

The hybrid model for programming which combines people gathering at the church with others linked in remotely through ZOOM continues. If the presenter is at the church, those on ZOOM will be able to see and participate. Conversely, if the presenter is at a remote location, those who wish to gather at the church, vaccinated, masked and distanced, can see the presentation on screen, participate, and enjoy each other's company as well. Links will be sent out on Saturdays.

Christina Solie is the Coordinator of the Rice Lake Protection and Rehabilitation District. She will inform us about the environmental challenges faced by Rice Lake.

For Book Week, please be prepared to briefly describe the one book that you have recently (or not so recently!) read that you wish to recommend to the group. We will send out a reading list after the service so that you can follow up with those that catch your fancy.

Some view our first principle, "We covenant to affirm and promote the inherent worth and dignity of every person," as the foundational building block of our faith. But since the principles move expansively from the individual to all of nature, some see the first principle as merely an opening which requires of us the broader view.

Hope Springs Eternal!
