

## April Calendar

The hybrid model for programming which combines people gathering at the church with others linked in remotely through ZOOM continues as will use of the new camera/microphone (OWL) which allows the people on zoom and at church to see and hear each other better. While the services begin at 10, the zoom room will be open at 9 for those who wish to engage in conversation about a variety of topics and issues.

The program on Easter Sunday, April 9, will consist of music and readings in celebration of the earth's reawakening after its long, cold sleep.

Dennis says this about his service: "Most of the human theological stances define me as body, mind, and spirit (or soul). Is that true? Where in all of that do I reside? What part of that is me? Am I still there after a traumatic brain injury? Or Alzheimer's? After a couple of personal experiences with close friends, it's time to explore this topic."

To observe Earth Day, we have acquired a special video service produced by the UU Ministry for Earth.

Our friend Arthur Thexton will join us the last Sunday of this month and the first Sunday of May for a special 2-part reflection.
